Orbit Digital: Response to RFP No. KML/HR/2026/014 - HR Service Delivery Platform

Submitted to Kestrel Manufacturing Ltd (fictional) | Submission date: 2026-10-07 | Fictional proposal for classroom use

1. Executive Summary

Orbit Digital has been delivering HR technology for **17 years**, with more than **40 HR service delivery implementations** across manufacturing, pharmaceuticals and retail in India and South-East Asia. We propose our **OrbitPeople Service Hub** together with our proven delivery practice.

2. Our Understanding

Kestrel requires a cloud HR service delivery platform for about 6,500 employees across 4 plants and a head office: an employee self-service portal, HR case management with SLAs, a policy knowledge base, and integration with the existing SAP SuccessFactors HRIS and Microsoft Entra ID single sign-on.

3. Proposed Solution

OrbitPeople Service Hub provides an employee portal, HR case management, knowledge management and reporting. The platform is used by over 300,000 employees across our client base.

Integration with SuccessFactors and Microsoft Entra ID will be addressed during the discovery phase. The integration approach (middleware or direct connectors) and data-sync frequency will be finalised after discovery once we understand Kestrel's landscape. Our team has integrated with many HR systems in the past.

4. Implementation Approach

Our delivery methodology, OrbitPath, has been refined over 40+ projects. We expect an overall duration of around **20 weeks**, split into discovery (4 weeks), build (9 weeks), testing (5 weeks) and go-live (2 weeks). A detailed plan with milestones will be shared after discovery. A project manager and a team of consultants will be deployed as needed.

5. Commercial Proposal

Item	Amount (INR)
Subscription - 3 years (6,500 employees)	1,23,00,000
Implementation services (estimate)	38,00,000
Support (standard, included)	Included
Total 3-year estimate	**1,61,00,000**

Implementation services are estimated and may change after discovery. Integration effort is not included and will be quoted after discovery. Prices exclude GST.

6. Security and Compliance

Orbit Digital is ISO 27001 certified. Customer data is hosted in India and encrypted. We comply with the DPDP Act 2023 and conduct annual security audits. Role-based access is available.

7. Support, Experience and References

Support is available 8am-8pm IST on weekdays through our service desk, with P1 response within 1 hour. A dedicated account manager is assigned to every enterprise client.

Reference client (fictional)	Industry / size	Scope	Contact
Vardhan Pharma	Pharma, 9,000 employees	HR helpdesk, knowledge base, 5 sites	Head of HR Operations

Reference client (fictional)	Industry / size	Scope	Contact
Shivam Auto Components	Manufacturing, 7,200	Portal + case management, 6 plants	CHRO
Lotus Retail	Retail, 15,000	Multilingual HR helpdesk, 220 stores	VP People Services

Client satisfaction across our HR service delivery practice averaged 4.6/5 in our 2025 survey, and 90% of clients have renewed for a second term.
