Submitted to Kestrel Manufacturing Ltd (fictional) | Submission date: 2026-10-08 | Fictional document for classroom use

1. Executive Summary

Vertex Cloud Partners is a leading, award-winning digital transformation partner. Our world-class **VertexHR 360** platform delivers best-in-class employee experiences powered by next-generation AI.

We are confident we can transform Kestrel's HR operations in just **12 weeks**.

2. Understanding of the Requirement

Kestrel wants to modernise HR service delivery for its employees with a portal, case management and integrations.

3. Proposed Solution

VertexHR 360 is an AI-first platform with a smart portal, intelligent case routing, generative AI answers and seamless integration with all leading HR systems including SuccessFactors. Single sign-on is supported. The platform is highly scalable and enterprise ready.

4. Implementation Plan

Using our accelerated AgileX methodology we will deliver in 12 weeks: weeks 1-4 setup, weeks 5-10 build and test, weeks 11-12 go-live. An experienced team will be assigned.

5. Commercial Proposal

Item	Amount (INR)
Platform subscription (per employee per month)	190
Implementation (indicative)	To be confirmed after workshops
AI add-on module	Optional - priced separately

Indicative three-year subscription for 6,500 employees is about INR 4.45 crore. Final pricing will depend on scope confirmed during workshops. Prices exclude GST.

6. Security and Compliance

Vertex follows enterprise-grade security standards. ISO 27001 certified. Data is encrypted and can be hosted in India on request. Vertex is committed to DPDP compliance.

7. Support and Experience

24x7 support is available through our global support centre. Vertex has served more than 50 global brands across industries. References can be provided at a later stage.
